

Unequal under Ohio law

Most people don't know that Ohio has had two sets of felony criminal laws (old law and new law). People convicted before 1996 were under the old law and those convicted in 1996 and after are under the new law.

I believe this is unfair. It is not the equal justice guaranteed to us under the Constitution.

. Please write your state senator and state representative and tell them this is not equal justice under the law.
